SUMMARY

Electrical Engineering Technologist diploma student with hands-on experience in **electrical distribution**, **power** systems, and field work. Strong **safety** practices including **Lockout/Tagout** and electrical code compliance; experience with **monitoring**, documentation, and coordination. Reliable team player with clear **verbal and written communication**; seeking Power System Controller Apprentice role to support safe, reliable delivery of electrical power.

TECHNICAL SKILLS

- **Electrical & Systems:** DC/AC circuits, **power distribution**, wiring, **monitoring systems**, **PLC programming**, testing & troubleshooting
- **Software & Tools:** Microsoft Excel, Python, C, AutoCAD Electrical, Multisim, MySQL, WordPress; databases and reporting
- **Standards & Safety:** Electrical Code, **utility safety** practices, WHMIS, Working at Heights, **Lockout/Tagout**, job planning

EDUCATION

Electrical Engineering Technology Diploma

Sep 2022 – Present

Centennial College

Scarborough, ON

- Coursework: Electrical Theory, **Power Generation**, **Monitoring Systems**, **PLC Programming**, Drawing Interpretation, Networking; GPA: 4.1

WORK EXPERIENCE

Electrician Assistant

Sep 2024 – Present

Independent / On-call

Greater Toronto Area, ON

- Supported **safe**, reliable installation and maintenance of residential and commercial **electrical distribution**; installed **switches**, breakers, and panels in compliance with **electrical codes**.
- Performed continuity, voltage, and insulation testing; followed **work protection** and **safety** practices.

Operations & Systems Assistant

Jun 2022 – Aug 2022

Microgreen Solar Corp

Markham, ON

- Coordinated logistics and maintained **databases**; developed inventory system with reporting; liaised with internal needs and external shipments.

Electrical Technician Assistant

Jul 2021 – Aug 2021

Microgreen Solar Corp

Markham, ON

- Tested and repaired **power** equipment for reliability; documented results and followed **quality** and **safety** procedures.

Low Voltage Technician

Jul 2025 – Sep 2025

OneNid Inc

Greater Toronto Area, ON

- Installed and configured systems per **standards**; supported **customer** delivery and team coordination.

PROJECTS

Automated Circadian Lighting System (Retrofit)

Sep 2025 – Dec 2025

Lighting Control / Energy Efficiency

- Designed control strategy and analyzed **power** consumption and **system performance**; integrated with existing electrical infrastructure.

CERTIFICATIONS

- WHMIS Certification (2024); Working at Heights (2024)
