SUMMARY

EET diploma graduate with **electrical design, drawing interpretation, cable routing, and equipment** experience. Proficient in **AutoCAD Electrical**; detail-oriented and collaborative.

TECHNICAL SKILLS

- **Electrical & Hardware:** DC/AC circuits, wiring, panel work and breakers, low-voltage systems, cable routing, testing & troubleshooting
- **Software & Tools:** AutoCAD Electrical, Python, C, Multisim, PLC programming
- **Standards & Safety:** Electrical Code, TIA/EIA standards, WHMIS, Working at Heights, Lockout/Tagout

EDUCATION

Electrical Engineering Technology Diploma <i>Centennial College</i> – Drawing Interpretation & Installation, Electrical Theory, PLC, Power Generation. GPA: 4.1	Sep 2022 – Present <i>Scarborough, ON</i>
--	--

WORK EXPERIENCE

Electrician Assistant <i>Independent / On-call</i> – Installation of electrical systems , wiring, conduit, panel upgrades, breakers ; compliance with electrical codes and safety standards.	Sep 2024 – Present <i>GTA, ON</i>
Low Voltage Technician <i>OneNid Inc</i> – Cable routing and terminations (Cat5e/Cat6/Cat6A) for cameras and access points; TIA/EIA standards; equipment layout and documentation.	Jul 2025 – Sep 2025 <i>GTA, ON</i>
Electrical Technician Assistant <i>Microgreen Solar Corp</i> – Load testing and quality assurance for electrical equipment ; DC-AC inverter repair and testing.	Jul 2021 – Aug 2021 <i>Markham, ON</i>
HVAC Assistant <i>HVAC Contractor</i> – Wiring of thermostats, compressors, and air handling units; electrical connections and system integration.	May 2024 – Dec 2024 <i>GTA, ON</i>

PROJECTS

Automated Circadian Lighting (Retrofit) <i>Electrical Design / Control</i> – Retrofit electrical and control strategy for LED lighting; power and equipment performance analysis.	Sep 2025 – Dec 2025
--	---------------------

CERTIFICATIONS

WHMIS, Working at Heights, G3 Gas Technician.
