SUMMARY

Electrical Engineering Technology graduate (with Honours) with direct hands-on experience installing and terminating **low-voltage security systems** — **CCTV**, **access control**, and structured cabling — to **TIA/EIA standards**. Background as an **electrician assistant** adds general electrical wiring, code compliance, and site-safety experience. Strong technical aptitude in electrical/electronic circuits and a fast learner looking to grow into a full Security Technician role.

TECHNICAL SKILLS

- **Low-Voltage & Security: IP Camera (CCTV) Cabling & Installation, Access Control Integration** (card readers, maglocks, motion sensors), DVR/NVR Configuration & Network Setup, **Network Cabling (Cat5e/Cat6/Cat6A)**, Structured Cabling from Floor Plans & Wiring Diagrams
- **Electrical:** Residential & Commercial Wiring, DC/AC Circuits, Digital Circuits, **Testing & Troubleshooting**, Panel & Device Installation, Lockout/Tagout
- **Tools & Standards:** Cable Testers, Crimping Tools, Multimeters, **TIA/EIA Standards**, Blueprint/Wiring Diagram Interpretation, Soldering
- **Electronics:** Microcontrollers (Arduino, Raspberry Pi), PCB Design (KiCad)

EDUCATION

Electrical Engineering Technology Diploma (with Honours)

Sep 2022 – Apr 2026

Centennial College

Scarborough, ON

- Relevant coursework: Electrical Theory, Drawing Interpretation & Installation, **Networking, Monitoring Systems**, Microcontrollers, Signals & Communication
- GPA: 4.1

WORK EXPERIENCE

Low Voltage Technician

Jul 2025 – Sep 2025

OneNid Inc

Greater Toronto Area, ON

- Installed and terminated **Cat5e/Cat6/Cat6A cabling** for **IP cameras**, access points, and intercom systems to **TIA/EIA standards**.
- Mounted, aligned, and calibrated **IP/analog camera systems** to improve site coverage and surveillance reliability.
- Installed and configured **DVR/NVR platforms**, including network connectivity and remote access setup for client monitoring.
- Integrated **access control hardware** (card readers, maglocks, motion sensors) with low-voltage wiring and control panels.
- Executed structured cabling from **floor plans and wiring diagrams**; labeled and organized runs for easier maintenance and troubleshooting.
- Validated terminations and diagnosed faults using cable testers, crimping tools, and multimeters before system handoff.

Electrician Assistant (As-Needed)

Sep 2024 – Apr 2026

Independent / On-call

Greater Toronto Area, ON

- Assisted a licensed electrician on residential and commercial jobs during high-demand periods.
- Pulled, cut, routed, and terminated wiring/conduit for lighting, receptacles, and power distribution during rough-in and finishing phases.
- Installed switches, outlets, fixtures, and breakers to electrical code requirements, with correct grounding and secure device connections.

Residential Renovation Assistant

May 2023 – Aug 2023

Construction Inc

Greater Toronto Area, ON

- Installed **electrical wiring** for full-home renovations, including switches, outlets, and lighting fixture connections.
- Supported multidisciplinary renovation tasks (drywall, painting, demolition) to keep projects on schedule.

Electrical Technician Assistant

Jul 2021 – Aug 2021

Microgreen Solar Corp

Markham, ON

- Repaired and tested DC-AC inverter power packs under multiple load conditions; performed component-level troubleshooting with multimeters and oscilloscopes.
- Assembled and terminated custom power/signal cables, validating shielding, polarity, and connector integrity.

CERTIFICATIONS

- WHMIS Certification (2026)
- Working at Heights Certification (2024)
- Full G Driver's Licence (Ontario), own vehicle
