SUMMARY

Electrical Engineering Technology graduate (with Honours) and Gas Technician (**TSSA G2 exam passed September 2026; G3 certified**) seeking an **Installer** role in residential home services, with the long-term goal of adding a 313D licence. Hands-on field experience installing **tankless water heaters, gas piping, venting systems, PVC intake/exhaust, and ductwork**, plus **HVAC installation and service**, copper **brazing**, and electrical testing/troubleshooting, working from mechanical drawings to manufacturer specifications and code. **WHMIS** and **Working at Heights** certified, with a strong safety and code-compliance record.

CERTIFICATIONS & LICENCES

- **Gas Technician 2 (G2)** — TSSA certification exam **passed, September 2026**
- **Gas Technician 3 (G3)** — certified 2025
- **Gastite/FlashShield+ CSST Qualified Installer** (2026) | **WARDFlex CSST** Installation Training (2026)
- **IPEX System 636** Gas Venting Installer Certification
- **WHMIS** (2026) | **Working at Heights** (2024)
- **Full G Driver's Licence** (Ontario), own vehicle

TECHNICAL SKILLS

- **Mechanical & Gas: Gas Piping Installation** (cutting, threading, joining, **pressure testing**), **Venting Systems** (sizing, slope, clearances, terminations), **Sheet Metal Ductwork** Fabrication, Supply & Return Air Distribution, **PVC Intake/Exhaust Piping**, **Tankless Water Heaters**, **HVAC Installation & Service**, Copper Cutting & **Brazing**, Refrigerant Pressure Monitoring
- **Electrical:** Residential & Commercial Wiring, **Testing & Troubleshooting** (continuity, voltage, insulation resistance), Low-Voltage Systems, Panel & Device Installation
- **Drawings & Tools: Mechanical Drawing Interpretation**, Wiring Diagrams & Schematics, AutoCAD, Multimeters, Pipe Threaders, Power & Hand Tools
- **Standards & Safety: Gas Code Comprehension (G2)**, Electrical Code Comprehension, **Lockout/Tagout**, WHMIS, Working at Heights, Manufacturer Specification Compliance

WORK EXPERIENCE

Gas Technician Co-op

Jun 2026 – Aug 2026

Considerate Tech

Greater Toronto Area, ON

- Installed **gas piping systems** in new residential construction — cutting, threading, joining, and **pressure-testing** runs from the meter to appliance connection points.
- Installed **venting systems** for gas-fired appliances, verifying correct sizing, slope, clearances, and termination requirements per code and manufacturer specifications.
- Fabricated and installed **sheet metal ductwork** — supply and return air trunks, branch runs, and register boxes — working from **mechanical drawings**.
- Installed **PVC intake and exhaust piping** for high-efficiency appliances, ensuring proper support, sealing, and condensate routing.
- Installed and connected **tankless water heaters**, coordinating gas, venting, and water line terminations through to commissioning.

- Worked on active construction sites alongside licensed technicians, maintaining site safety practices and coordinating with other trades to keep rough-ins on schedule.

HVAC Assistant

May 2024 – Dec 2024

HVAC Contractor

Greater Toronto Area, ON

- Installed, maintained, and serviced residential and commercial **HVAC systems**, focusing on safe and reliable operation.
- Fabricated **ductwork** and completed copper pipe cutting, **brazing**, and insulation to support field installations.
- Performed system checks, filter replacement, and **refrigerant pressure monitoring** to support preventive maintenance schedules.
- Used **wiring diagrams, schematics, and HVAC layouts** to troubleshoot installation issues and verify correct system setup.

Electrician Assistant (As-Needed)

Sep 2024 – Apr 2026

Independent / On-call

Greater Toronto Area, ON

- Assisted a licensed electrician on residential and commercial jobs during high-demand periods.
- Pulled, cut, routed, and terminated **wiring and conduit** for lighting, receptacles, and power distribution during rough-in and finishing phases.
- Installed switches, outlets, fixtures, and breakers to **code requirements**, and verified **continuity, voltage, and insulation resistance** before energization.

Low Voltage Technician

Jul 2025 – Sep 2025

OneNid Inc

Greater Toronto Area, ON

- Executed structured cabling installations from **floor plans and wiring diagrams**; labelled and organized runs for easier maintenance and troubleshooting.
- Validated terminations and **diagnosed faults** using cable testers, crimping tools, and multimeters before system handoff to clients.

Residential Renovation Assistant

May 2023 – Aug 2023

Construction Inc

Greater Toronto Area, ON

- Installed **electrical wiring** for full-home renovations, including switches, outlets, and lighting fixture connections.
- Supported multidisciplinary renovation tasks (drywall, painting, demolition) to keep projects on schedule.

Electrical Technician Assistant

Jul 2021 – Aug 2021

Microgreen Solar Corp

Markham, ON

- Repaired and tested **DC-AC inverter** power packs under multiple load conditions; performed component-level **troubleshooting** with multimeters and oscilloscopes.
- Documented repairs and test procedures to improve repeatability and maintenance traceability.

EDUCATION

Gas Technician 2 (G2)

2026

Himark College

Ontario

- Passed the **TSSA G2 certification exam** (September 2026). Coursework covers advanced gas appliance installation, **venting design**, combustion analysis, and code compliance beyond the G3 scope.

Gas Technician 3 (G3) Certificate

2025

Stanford College

Toronto, ON

- Gas properties, **piping systems**, venting fundamentals, appliance installation, and applicable **codes and regulations**.

Electrical Engineering Technology Diploma (with Honours)

Sep 2022 – Apr 2026

Centennial College

Scarborough, ON

- Relevant coursework: Electrical Theory, **Drawing Interpretation & Installation**, Power Generation, Microcontrollers. GPA: 4.1
